

## Week 5 – Homework

- Read chapter 5
- Graded homework: Write an ASP program that solves Exercise 2 from Chapter 5. Make sure to write default and exceptions properly.

### Submission instructions

- Submit the source of the program and make sure it runs correctly in clingo-4.4.0, outputting the expected results with “clingo *filename*”
- Name the file *week5-your Drexel username.txt*, e.g. *week5-js1232.txt*
